

### **INSTRUCTION TO AUTHORS:**

International Journal of Scientific Review and Research in Engineering and Technology – IJSRRET is an open access peer-reviewed online and printed international journal published bi-monthly. The primary objective of the IJSRRET is to become the premier source of high quality research in the areas of AUTOMOBILE ENGINEERING , BIOMEDICAL ENGINEERING, CHEMICAL ENGINEERING, CIVIL ENGINEERING, COMPUTER ENGINEERING, ELECTRICAL ENGINEERING, ENVIRONMENT ENGINEERING, ELECTRONICS & COMMUNICATION ENGINEERING, INFORMATION TECHNOLOGY, INSTRUMENTATION & CONTROL ENGINEERING, MECHANICAL ENGINEERING, MECHATRONICS ENGINEERING, METALLURGY ENGINEERING, MINING ENGINEERING, PLASTIC ENGINEERING, PRODUCTION ENGINEERING, POWER ELECTRONICS, TEXTILE PROCESSING TECHNOLOGY, ARCHITECTURAL ENGINEERING, TEXTILE MANUFACTURING TECHNOLOGY, CERAMIC ENGINEERING, FABRICATION TECHNOLOGY, PRINTING TECHNOLOGY, TEXTILE DESIGNING and MICRO & NANOTECHNOLOGY.

All manuscripts will be subjected to rapid peer review. Those of high quality which are not previously published and not already under consideration for publication will be published without delay. Articles shall be accepted from any country provided submitted in English language only. Authors in the cover note to Editor-in-Chief should clearly mention whether the manuscript is to be considered as a Research Article, Review Article or Short Communication. It is essential that authors prepare their manuscripts according IJSRRET specifications. Failure to follow them may result in papers being delayed or rejected. Therefore, authors are strongly encouraged to read the instructions carefully before preparing a manuscript for submission. The manuscript should be checked carefully for grammatical errors.

**Submission of manuscript:**

Manuscripts should be submitted to Editor-in-Chief International Journal of Scientific Review and Research in Engineering and Technology – IJSRRET as an E-mail attachment to: [editor.ijsrret@gmail.com](mailto:editor.ijsrret@gmail.com) Manuscript is sent for review to the reviewers based on the topic of research. After the review, the necessary changes and comments on the manuscript were sent to the author within a week from the date of submission. Confirmation of acceptance will be given once the author satisfies the comments and comply with the changes suggested. Confirmation about the acceptance of the manuscript will be sent to e-mail address of the corresponding author.

**Note: Plagiarism (Copying others work)** is an act of fraud and treated seriously by International Journal of Scientific Review and Research in Engineering and Technology – IJSRRET. It is the authors own responsibility to check plagiarism and Journal/Editorial Board is not responsible for any kind of legal issue.

The content of the manuscript shall be organized in the following sequence and shall start on separate pages:

**Title page:** Including Names and Addresses of the Authors, E-mail of Corresponding Author

**Abstract:** Including at least 5 Keywords

**Text:** Consisting of Introduction, Materials and Methods, Results, Discussion, Conclusion and Acknowledgements

**References:** As per the journal guide line

**Appendixes:** If necessary

**Abbreviations used:** If necessary

**Tables and figures**

All animal experimental procedures followed must be approved by appropriate ethical committee.

	Incorrect “Table No. 1: Power source data .....
Figures /Graphs	Figures must be embedded in your word document at respective place, They should be created with a program that allows you to save them as gif, jpg or tiff format.  Figures, tables or other materials copied verbatim or adopted from previously

	<p>published materials, the author must have written permission from the copyright holder of that material (publisher and/or authors) for reproduction in your article. A copy of the permission release must be submitted with the manuscript.</p> <p>It is the author's responsibility to obtain permission. To be incorporated at the end of the manuscript with proper labeling</p> <p><b>Correct</b> “Figure 1: Power source data.....”</p> <p><b>Incorrect</b> “Figure No. 1: Power source data.....”</p>
Graphs	Graphs and bar graphs should preferably be prepared using Microsoft excel and submitted as Excel graph pasted on word.

All text should be fully justified. Please put all primary section titles in UPPER CASE letters and subheading in both Upper and Lower Case letters. Do not number your titles (for example, 1.0 Introduction; 2.0 Background). Do not use the tab key to indent blocks of text such as paragraphs of quotes or lists because the page layout program overrides the left margin with its own, and the tabs end up in mid-sentence.
